**WHO HAS A SECOND-HAND SMALL GAS HEATER IN GOOD CONDITION THEY WANT TO SELL? CALL THIS OFFICE.**

**GIVEN A SHOWER**  
Mr. and Mrs. C. Frank Nash were delightfully surprised last evening when about thirty of their friends gave them a kitchen shower. The young people met at the home of Mrs. J. P. Nash at 7:30 and from there proceeded to the apartment of the bride and groom, on the corner of Commerce and Second streets. The young couple received many useful and attractive gifts. Delicious refreshments were served.

**FIFTY DOLLARS FOR POULTRY DEPARTMENT**  
The managing committee of the Maysville Corn and Tobacco Fair has apportioned to the poultry department of the fair the sum of fifty dollars for prizes and expenses. This is a fairly good sum for the first year of this department considering the fact that interest has just begun in pure bred poultry raising in this county. The amount will be greatly increased next year.

**CIRCUIT COURT POSTPONED**  
On account of the sickness of Judge Newell the session of the court has been postponed until Tuesday, October 2.

**Autumn MILLINERY**  
The new fall HATS are of velvet, of course, but shirred and puffed and softly rolled as velvet has seldom been before; supple crowns, supple brims, not much trimming, but exceedingly smart. Black and all good colors.

**REASONABLE PRICES**  
**Mrs. S. ARN** LEADING MILLINER

**W. H. REES**  
Has Been Designated by the Provost Marshal General to Take Appeals in Behalf of the Government in All Cases of Exemptions on Account of Dependents.

I have been designated by the Provost Marshal General to take appeals in behalf of the Government in all cases of exemptions on account of dependents, and in cases of discharges which have been granted to persons under the jurisdiction of the Local Board for Mason County. It is also my duty in cases where the Local Board may have erred in refusing exemptions to guard the interests of people who might suffer by such errors and who have not taken appeals to the District Board from the decisions of the Local Board. Considering the number of men examined and the short period of time at the disposal of the Local Board for investigation of claims for exemption, it is only natural that some mistakes should have been made. In some instances, no doubt, through want of sufficient and accurate information the Local Board may have granted claims for exemption to persons not entitled thereto, and in other instances may have rejected claims that should have been granted. In order to enable me to perform my duties properly it will be necessary, for third persons who have information that causes them to believe that the Local Board has erred in granting or rejecting claims for exemptions or discharges, to furnish me with such information.

**W. H. REES.**  
**CONFECTIONERS LAST TO HOLD OUT**

The local confectioners were the last to get ready for the Sunday closing. These stores had considerable trouble getting their business arranged in such a manner that they could remain closed all day Sunday but they have now completed this arrangement and will remain closed all day on Sunday in the future. The closing of all of these stores will make things very quiet about town on Sunday.

**BOARD ACTIVE ON ALL SLACKERS**

Although very busy getting things ready for the enrollment of the second contingent of Mason county men, the Mason County Exemption Board is not falling to look into all cases of slackers reported to them. They are now very carefully investigating the cases of two Mason county men who were reported to them as being of draft age and yet having failed to register.

**GAITHER ACTIVE HEAD OF COUNTY TELEPHONES**

Mr. Thomas F. Gaither, of Lewisburg, has been elected to fill the vacancy as Secretary of the Mason County Mutual Telephone Company caused by the resignation of Mr. C. N. Bollinger. Mr. Gaither has been connected with the telephone company for many years and thoroughly understands the business.

**IT IS NOW THE BOULEVARD**

Before East Second street through the Fifth and Sixth wards was paved with brick and asphalt it was nicknamed "The Boone Trail." Since the paving is completed it has been renamed by someone, "Boone Boulevard." The new name is rather appropriate and may some day replace "East Second Street."

**OPENS ANOTHER SAFE**

A large safe at the Whitehall Hotel has been locked for several months and as the combination was lost the owners were unable to get into it. Mr. E. E. Clark went into the safe mechanically in seven minutes. This is the second safe puzzle Mr. Clark has unraveled in the past two weeks.

**CROWE NOT SERIOUSLY INJURED**

It is understood that word comes from Lexington that Mash Crowe, who was shot in the legs and injured near Bardonia last Saturday by "Jim Bob" Allison is not so seriously injured as was at first thought and it is very likely that he will be able to appear in court against Allison within a very short time.

Mr. Grover Kidder, one of the valued employees of the January & Wood Company, and who will leave Saturday as one of the contingent from Mason county for Camp Taylor, was presented Thursday by Mr. Robert A. Cochran on behalf of the Company with a U. S. Service Belt.

**MAYOR LEE**  
Employees Counsel and Files Motion and Grounds For a New Trial—Argument To Be Heard Today by Judge Whitaker.

Evidently determined to fight the traffic law case to the very end and not being satisfied with the verdict reached by a jury in Police Court a few days ago, Mayor J. Wesley Lee has retained Attorney Frank P. O'Donnell in the case and yesterday the attorney filed in Police Court motion and grounds for a new trial.

The jury gave the mayor the lowest possible fine under the law and up to this time the mayor has been acting as his own attorney.

In the petition for a new trial he sets forth nine reasons for the retrial of the case as follows:

1. That the jury was irregularly selected, some members not being housekeepers, and because of irregularity in their proceedings.
2. Because of misconduct of the jury.
3. Because of surprise which ordinary prudence could not have guarded against.
4. Because the verdict is not sustained by sufficient evidence and is contrary to the evidence.
5. Because the verdict and judgment are contrary to law.
6. Newly discovered evidence, material for the defendant which he could not, with reasonable diligence, have discovered and produced at the trial.
7. Error of the law occurring at the trial and except to at the trial by the defendant.
8. Because the jury received evidence out of court.
9. Because the court misinstructed the jury.

Judge Whitaker set today as the time to hear arguments on the motion and both sides will be heard in discussion.

**LOAN CAMPAIGN TO BEGIN OCTOBER 1**

Washington, September 20 — The Second Liberty Loan campaign will last four weeks, opening October 1 and closing October 27.

Wednesday, October 24, will be celebrated as Liberty Day throughout the country and arrangements will be made to hold patriotic meetings in every city, town and village.

Details of the second Liberty Loan, it was officially announced tonight, will be made public as soon as possible after congress disposes of the \$11,000,000,000 bond bill.

Preliminary contracts for 10,000,000 buttons for purchasers of these bonds next month have been placed by the treasury department and deliveries are now being made to Liberty Loan committees of the various districts.

Several factories are working night and day to fill the order. The buttons will be called official "badges of honor." The border will be in red, the center in blue, with a bust of the statue of Liberty and the inscription, "I Own a Liberty Bond."

**UNDERGOES OPERATION**

Miss Emma Luman, the Third street milliner, while attending the fall opening and display at Cincinnati this week was taken suddenly and seriously ill and upon examination it was found an operation was necessary, which was done, and after the operation was performed Miss Luman rallied nicely and is now getting along as well as could be expected, and it is hoped by her legion of friends here that she will be restored completely to her usual good health.

Mrs. D. S. Clinger, wife of Prof. D. S. Clinger, a former Superintendent of the Maysville Public Schools, is seriously ill at their home in Laurel, Montana.

**RECEIVES LETTER**  
In Regard to Souvenir To Be Used By Many of the Merchants at the Corn to Tobacco Fair.

The following is a copy of a letter received by Secretary Dodds in regard to souvenirs for our business men to be used at the Corn and Tobacco Fair:

Mr. Carl Dodds, Secretary, Maysville Chamber of Commerce, Maysville, Kentucky.

Dear Sir: Thanks for your favor of the 17th, inst.

I will be in Maysville the first of next week and will drop you a line the day before my arrival.

If you will have the list of merchants who are interested in souvenirs, I will appreciate it.

Very truly yours,  
ALLEN A. KERR, Mgr., Whitehead and Hoag Company.

Secretary Dodds requests all merchants who are interested in obtaining souvenirs for the Corn and Tobacco Fair send or phone in their names in order that we may send Mr. Kerr around to see them upon his arrival in the city.

Secretary Dodds received the following in answer to his letter desiring to know the prices of wheat at different points:

Mr. Carl Dodds, Sec'y and Mgr., Maysville Chamber of Commerce, Maysville, Kentucky.

Dear Sir: Your favor of the 13th of September addressed to Mr. Hoover, has been received.

The price of \$2.20 was named for Chicago for the No. 1 grades, and \$2.25 for Philadelphia and Baltimore; so after estimating the grade, and figuring the freight less expenses to Baltimore, you will know what ought to be a fair price for wheat at your station.

Very truly yours,  
FOOD ADMINISTRATION GRAIN CORPORATION.

**SALE OF WHISKEY WILL ATTRACT MANY HERE**

The sale of 810 barrels of whiskey at the Court House door by Master Commissioner A. G. Sulser in obedience to a judgment and order of sale, will likely attract many whiskey dealers to Maysville. The price of whiskey has taken a great big raise and new as no more is being made in the United States the value of it is increasing daily. It is expected that bidding for this quantity of liquor will be quite spirited. The date will be announced later.

The Lewis County Circuit Court at its present term has an oven dozen suits for divorce pending.

**WAS CERTAINLY MAD**

Dog Full of Hornets at Work Outran All the Whizz Machines in the East End.

A stray dog got what was coming him yesterday in the Fifth Ward. After taking in the sights along Forest avenue he wandered into a vacant lot opposite the school house and after smelling around for some time found a "soft" place to take a nap. He had hardly stretched out when he jumped up, began yelping and made a dash for the street, and east on the avenue he started at a clip that made the air burning autos look like flippers. He was filled with hornets and they had gotten busy with their file tails, and the poor brute was simply having the run of his life trying to shake the unwelcome crowd off his back and sides. People who saw him thought he was mad, and it is a clutch he was mad, as mad as a whole nest of hornets could make him. Who wouldn't have been made under like circumstances?

**KIDS PROUD OF THEIR BANK ACCOUNTS**

The local school kiddies are very proud of their bank accounts in the local financial institutions. The little fellows are saving much of their candy money for their system bank and are very anxious for the time to arrive when they will first turn over their system banks, to the banker for a "real bank book."

**NOTICE TO THE PUBLIC**

There will be no ice delivery on Sunday, until further notice so please give your order on Saturday.

**OFFICERS RETAINED UNTIL AFTER SANITARY SURVEY**

At the annual election of officers of the Mason County Health League held Monday evening it was decided best to retain the old officers in office until after the Mason County Sanitary Survey had been completed as the Mason County Health Leagues has played a big part in the survey. The only change made was the election of Mr. George H. Turnipseed on the Board of Directors to succeed Miss Jessie O. Yancey.

## WARRING WITH MICROBES

Some years ago Jack London told in a magazine story how the European powers (of the future) dealt with the "yellow peril." China had half a billion inhabitants, had awakened from its apathy and under the tutelage of German officers had learned the art of war. Mighty China was ready to run amuck over the face of the planet and Europe trembled. But aviation had developed and so had the science of disease germs. Europe excused itself on the ground of necessity and dropped microbes from aeroplanes all over China. The germs of terrible and infectious disease took effect and the half a billion Chinese slowly died. Then, after waiting for the process to be complete and for the necessary sanitation duly performed by nature, the European powers marched in and divided up the territory.

It was a big thriller, well told as well as horrible, but it did not convince because not one reader in ten thousand could believe that Christian Europe would ever descend to such devilry and employ such methods of war to get rid of a "yellow" or any other peril. What now recalls Jack London's feat of the imagination is the story of the efforts of German agents to spread such diseases at tetanus and typhoid fever among the people of the United States by means of poisoned court plaster and soap. This charge of German devilry probably found very few believers. Many might have believed if the reported effort had been merely to spread disease among our training soldiers, for it has been sufficiently well proved that German "frightfulness" stops at nothing and that "anything to win the war" is that country's deliberately adopted policy. But an attempt upon the lives or the health of the whole people of the United States seemed incredible if for no other reason because such an undertaking was too huge and difficult to be successful in a measure large enough to offset the risks to say nothing of its hellishness.

Yet it now appears that high German officials have been caught at the same practice in Rumania, anthrax and glanders germs being the legacies which the German minister proposed leaving to the people of Bucharest when Rumania's declaration of war should send him home. "The microbe cultures," we read "were sent to his military aid from the German consulate at Kronstadt by German diplomatic couriers exempt from search. The war came suddenly and the vials were buried in the garden of the legation. Later they were dug up in the presence of many witnesses, among who was an attache of the American legation. The box was covered with official seals and warnings of secrecy. Within were the microbe cultures duly labeled with directions for use. Subsequent tests upon animals produced the horrible diseases named." This charge has now been formally made by the Rumanian Minister of Foreign Affairs in an official note to the Powers. The charitable will still entertain doubt, but even these are convinced that the Germans can never live down the reputation they have acquired in this unparalleled war.

## HEALTHFUL TRAINING CAMPS

What the new military training camps may mean in civilian health as well as in excellent care for the soldiers is shown by the campaign against mosquitoes that Camp Sheridan is waging around Montgomery, Ala.

The military authorities intend to exterminate mosquitoes in a whole county. They are draining a great swamp that "has long been a problem to the city," as a local newspaper cheerfully admits. The soldiers at the camp aren't going to be troubled with malaria. Incidentally the civilian population near by will be protected.

The Camp Sheridan mosquito campaign is just one instance of the many definite and effective measures that are being taken at every camp to protect the men in training there. The old herding together of men under conditions that started and spread infectious diseases is a thing of the past. The army camp of today is a model of sanitary engineering.

Soldiers and their relatives who have remembered with horror and dread the conditions of camp life in the Spanish war will take heart as they realize the extent of the preparations being made for the boys who are going into training now. The perils of the battle front may be as great as ever. Uncle Sam is profiting by experience in this matter and making good use of all the applied hygiene and knowledge of scientific sanitation at his command. It's good news for everybody.

## THE PRIVATE SOLDIER

Yonder stands a private soldier. He belongs to the ranks. There is no chevron or mark on him to indicate he possesses any authority. There is no sign about him to show that he is in some special service beyond the shooting. He is simply a possible soldier, who belongs to the army to fight. This is the post of danger. He goes where his comrades will fall all about him and perhaps he will, too. He is the real example of unselfish patriotism there is. He is in this war from a sense of duty, only hoping to do his part bravely, and come home at last, to meet his wife or sweetheart, but if he doesn't he has reached the summit of his duty as a man, where he has given his life for his country. Such an experience belongs to the divine realities of life, which are sure to blossom elsewhere, in the realm of the spirit. That may be no consolation now, but it will be after while. There is a grander world than now.

According to Senator Townsend of Michigan, it is not the advisory commission of the Council of National Defense that the public has to fear as alleged, but "the horde of vultures who have swooped down on Washington looking for fat contracts, and who, disappointed at not getting them, have become scoundrel-mongers villifying those who have kept them from getting their clutches on the government's money." This is strong language, but it points straight toward the origin of the attack on public officials whose offense consists in back-bone.

## ARGENTINE WILL BREAK RELATIONS WITH KAISERLICHES

Buenos Aires, September 19.—The Argentine Senate, by a vote of 23 to 1, today, declared for the breaking off of relations with Germany.

The resolution now goes to the Chamber of Deputies. There is strong public feeling in favor of its final passage.

Washington, September 19.—News that the Argentine Senate had voted overwhelmingly to sever diplomatic relations with Germany was received in Washington tonight with gratification and no little surprise.

Officials had recognized that recent disclosures concerning cablegrams sent to Berlin by the German minister at Buenos Aires through the Swedish foreign office had aggravated the situation brought about by German's sinking of Argentine ships, but it had been assumed, that with the German minister landed his passports, no further official action would be taken pending receipt of Berlin's explanation of the messages.

Although it is understood the State Department's purpose in making public copies of the cablegrams was only to expose the German government's world wide system of duplicity and intrigue, it is no secret that Argentina's participation in the war would be welcomed.

Even the breaking off of relations, it is pointed out, would have a powerful effect on public opinion in all South American countries where German influences are known to be strong. That action also probably would result in considerable material benefit to the allies by restricting Argentine grain and meat exports to neutral countries through which they might find their way to Germany. Argentina is now the only great neutral food producing country.

## HERE'S TRUTHFUL TEUTON WHO ADMITS ALLIES HOLD UPPER HAND

Zurich, Switzerland, September 19.—General Baron von Freytag-Loringhoven, Chief of the Supplementary General Staff of the German army, has published a pamphlet entitled "The Results of the World War," in

which he says: "The general political and economic situation of the world works only in favor of our enemies, and the German soldiers will be defrauded of the fruits of their victories."

The General believes trench warfare was a great mistake and says only an aggressive attack could have brought successes. He adds, however, that the German offensive was not strong enough to overthrow the allies.

The Post, of Munich, expresses the hope that the reasonableness of the General's utterances will teach the Pan-Germans "who would fight to conquer the whole world with their mouths" to estimate correctly the limitations of Germany's military power.

## A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and kidney disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed—Read this Maysville woman's convincing statement:

Miss Dora Edgington, Wood St., Maysville, says: "I have used Doan's Kidney Pills and from the results received, I have every reason to recommend them. At times, my kidneys have become weak and have been irregular in action. My back has ached, too, and has been very weak and lame across my kidneys. When ever I have used Doan's Kidney Pills for this trouble, they have never failed to relieve the complaint in a short time. I gladly advise anyone to get a box of Doan's Kidney Pills at Chaslor's Drug Store, if troubled in that way."

Miss Edgington is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Miss Edgington had—the remedy backed by home testimony. 60c all stores. ## OLD FLAGS FOR SOLDIERS' REUNION

Remnant of the Sixteenth Kentucky Infantry and Tenth Kentucky Cavalry Will Meet Here For Reunion Next Wednesday—Old Battle Flags Will Be Here.

The annual reunion of the Sixteenth Kentucky Infantry and the Tenth Kentucky Cavalry, Civil War Veterans will be held at Beechwood Park in this city on next Wednesday, September 26. The Secretary, Mrs. G. W. Hook, who has taken up the duties laid down by her father and mother, has sent out cards to all members of the Association informing them of the meeting.

This day is looked forward to with a great deal of interest by all of the old soldiers for once again they meet together for the day to talk about the old times when they were comrades on the battlefield.

A much more interesting session is expected this year than before in recent years. Much interest will be attached to the meeting because of the fact that again the United States is in war.

County Judge W. H. Rice has received from Governor Stanley and the State Librarian the permission to have the old battle flags of these two regiments sent here from the State Library at Frankfort for the day and again the old veterans will be enabled to look upon the old flags which they followed in many a battle.

The ranks have been thinned considerably this year and the death list to be read at the meeting will be unusually large.

## THE DAILY REMINDER

### In the Day's News

Viscount Reading, who is now in this country on a special mission for the British Government, is the first Jew ever to hold the position of Lord Chief Justice of England. His career has been a most remarkable one. As Sir Rufus Isaacs, which was the name he bore before his elevation to the peerage, he was for years one of the leading barristers of England. In his early career he devoted himself to business, and became a member of the London stock exchange. He, however, quickly saw where his abilities lay, and he forsook the stock exchange for the bar. In 1904 he entered parliament. He became Solicitor-General in 1910 and three years later was appointed Lord Chief Justice. Because of his business sagacity and amazing knowledge of finance he has twice been chosen to come over here to confer with our Government and financiers in regard to financing the war for England.

## LESSON TO AUTO DRIVERS

The fining of Mayor J. Wesley Lee in Police Court for breaking the traffic laws on Tuesday afternoon will serve as a splendid object lesson to all drivers of motor vehicles. The street car drivers have been asked to report all who break this law and the fining of the Mayor shows that the court is no respecter of persons in the enforcement of this law.

## NEW SCHEME TO ADVERTISE CORN AND TOBACCO FAIR

The advertising committee of the Maysville Corn and Tobacco Fair is planning to advertise the big fair extensively on the automobile buses which operate between this city and the small towns in this section. ## TO HELP YOUNG GIRLS

A Mother Wants Her Letter Published.

Eaton, Ill.—"I wish you would publish this letter for the benefit of young girls. My daughter suffered greatly from female trouble with cramps, and headache, and backache most of the time. She never felt like working and it seemed as though she was sick all the time. I decided to try Lydia E. Pinkham's Vegetable Compound and it has helped her in every way, in fact it has really cured her, for she no longer has periodic pains, and no more headaches or backache, and I want all young girls who suffer as she did to know about it."

—Mrs. ALMA MILLS, Eaton, Ill.

## Another Girl's Experience.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."

—Mrs. HAZEL HAMILTON, 822 South 15th St., Newcastle, Ind.

Girls who are troubled as these young women were, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

## LOCAL PEOPLE WILL ENTERTAIN DELEGATES

There will be arrangements made to entertain the large number of delegates that are expected to attend the State Sunday School Convention to be held here next month. The committee hope to have a large number of local people to entertain the delegates during the convention as the boarding houses and hotels will not be able to care for the rush. Each delegate attending the convention pays his own expenses while here.

## KARN KARNIVAL DATES ARE NEARING

The next big affair in this section of the country will be the big annual Korn Karnival at Portsmouth. A delegation from Ironton is also expected to attend the Tobacco Fair this year.

## SWEEPING GAINS ARE SCORED BY BRITISH

Haig Reports Whole of Objectives Are Taken—Two Thousand Prisoners Are Captured By English in Early Stages of Great New Drive.

London, September 20.—British troops are reported to have penetrated the German positions in their offensive on the Flanders front as far as the Zonneboko-Ghevelve line, Roter's correspondent at British headquarters telegraphs.

At the time the correspondent's report was dispatched the Germans had launched no counter attacks. They were massing in certain places, however, where the British guns were bombarding them.

The penetration has reached the depth of a mile, "which, considering the character of the ground, is a wonderful achievement," the dispatch adds. It is characterized the result of today's attack as a "fine success."

Field Marshal Haig's official report says that north country and Australian battalions penetrated the German positions in the center. These included Hamlet, Veldhoek and the western portion of Polygon Wood. Further north Zevenkote was captured and also a few guns.

Two thousand prisoners have been captured by the British, according to the official report tonight, in the Flanders drive.

The British attack was launched at daybreak against the German defenses about the Pyper salient along an extended front, which has its center around Inverness Copse and as far as the Ypres-Menine road, a little southeast of Ilooge.

From the first moment of going over the top, the assault proceeded with marked success, especially in the crucial sector between the Ypres-Tonlers railway and Hollebeke, where the British early in the day had forced their way forward over marshy ground and through woods filled with machine guns to a considerable depth and were continuing the bitter fight in the neighborhood of the famous Inverness Copse, Nun's Wood and Glencorse Wood, where so much blood has been shed since the allies began the battle of Flanders on July 31.

If the attack from the forces maintain the positions to which they have advanced in this section, they will have accomplished one of the most remarkable and most important achievements in recent months. The German infantry made the most determined resistance in their attempt to regain this vital ground and their artillery retaliated heavily against the British big guns.

This phase of the battle of Flanders, which bids fair to become known as the battle of Menine Road, began at 5:40 o'clock. The infantry advance was preceded by a barrage fire of greater depth than ever witnessed. Five distinct barrages, in fact, were dropped ahead of the men as they began their journey into this difficult terrain. The tremendous curtain of bursting steel did its work well and the troops pushed forward rapidly toward their objectives.

The heavy new rails that the C. & O. had distributed through this city to relay its westbound track with were yesterday picked up and will be taken to New Richmond to finish out the track there.
